1. ☒ The amendment filed on 02 June 2010 under 37 CFR 1.312 has been considered, and has been:

a) ☒ entered.

b) ☒ entered as directed to matters of form not affecting the scope of the invention.

c) ☐ disapproved because the amendment was filed after the payment of the issue fee.

Any amendment filed after the date the issue fee is paid must be accompanied by a petition under 37 CFR 1.313(c)(1) and the required fee to withdraw the application from issue.

d) ☐ disapproved. See explanation below.

e) ☐ entered in part. See explanation below.

The amendment is entered since the claim language prior to amendment requires more than one data type, and the proposed use of the word 'plurality' in the amendment merely labels the data types as more than one. Therefore, the amendment does not change the scope of the invention.
